**SCOPE**

1. The scope of this Assurance Review is limited to Mr Shorten's use of COMCAR in Melbourne, Vic from 1 November 2019 to 30 June 2021 (the period).

**OFFICIAL**

## PURPOSE

2. This Assurance Review aims to determine whether Mr Shorten's use of COMCAR was in accordance with the limits and conditions imposed upon members' use of COMCAR within Australia. Specifically, the Assurance Review examines whether Mr Shorten has used COMCAR in circumstances where he could have reasonably have used his Commonwealth-provided private plated vehicle (PPV).

## BACKGROUND

3. During standard scrutiny of parliamentarians' use of travel resources, IPEA noted Mr Shorten's regular use of COMCAR in Melbourne.
4. The Determination under which COMCAR is made available for the use of Members precludes use in circumstances where the Member could reasonably use their PPV.
5. s 47F [REDACTED]
6. s 47F [REDACTED]
7. In accordance with IPEA's protocol on dealing with misuse of parliamentary work expenses, on 1 March 2021 a Preliminary Assessment commenced into Mr Shorten's use of COMCAR in Melbourne from 1 September 2019 to 30 April 2021.  
  
The Preliminary Assessment confirmed Mr Shorten's use of parliamentary business resources (COMCAR) and warranted an Assurance Review.
8. In accordance with IPEA's protocol on dealing with misuse of parliamentary work expenses, on 20 May 2021 IPEA commenced an Assurance Review into Mr Shorten's use of COMCAR within the scope and period of this review. During the course of the Assurance Review, IPEA noted Mr Shorten's ongoing pattern of COMCAR use, and the period of the review was extended to 30 June 2021.

## LEGISLATIVE FRAMEWORK

9. *Parliamentary Business Resources Act 2017*, Part 3—Work expenses, allowances and other public resources, Division 2—Obligations in relation to the use of public resources, Sections 25, 26, 27 and 28.
10. *Parliamentary Business Resources (Commonwealth Transport) Determination 2017* – Part 2—COMCAR, **9 Limits and conditions on members' use of COMCAR within Australia**
11. *Parliamentary Business Resources Regulations 2017*, Part 5, Division 3—Use of Commonwealth transport for security purposes

## ANALYSIS

## OFFICIAL

12. IPEA verified that Mr Shorten has a Commonwealth funded PPV, that was available for his use during the review period.
13. IPEA reviewed Mr Shorten's use of COMCAR in Melbourne for the period 1 September 2019 to 30 June 2021.
14. Mr Shorten's use of COMCAR to travel to and from the airport for the dominant purpose of parliamentary business is consistent with the legislative provisions. The data showed 113 occasions on which Mr Shorten had used COMCAR in and around Melbourne where, in the absence of further information, it may have been reasonable that he used his PPV.
15. On 23 August 2021, IPEA wrote to Mr Shorten, (**Attachment A**).
16. Mr Shorten's Chief of Staff (s 47F) responded on Mr Shorten's behalf, (**Attachment B**).
17. s 47F confirmed that the 113 instances of Mr Shorten's COMCAR usage in Melbourne and surrounding suburbs over the period were "undertaken in the course of (Mr Shorten) executing official duties or in his capacity as a member of parliament and a former Leader of the Opposition."
18. s 47F provided three main reasons to explain why it was unreasonable for Mr Shorten to use his PPV for 107 trips under the circumstances:
  - s 47F  
s 47F
  - Timing  
s 47F advised that there were occasions Mr Shorten conducted parliamentary business early in the morning or late at night, which raised security concerns due to Mr Shorten's public recognition and profile. This made using his PPV unreasonable, as he would have had to park it in a public spot, which raised security concerns.
  - Availability of parking  
s 47F explained that Mr Shorten's recognition and profile could make "parking a plated vehicle up to a kilometre away and walking to a commitment (then back), complicated". s 47F further explained that parking was not always readily available in Melbourne's CBD or where Mr Shorten conducted parliamentary business. In light of this, Mr Shorten had security concerns due to the distance of parking and the venues to which he travelled, and assessed that it would not be reasonable to use his PPV in these circumstances.
19. IPEA found that s 47F provided sufficient information to justify that it was not reasonable in each of these circumstances (107 trips) for Mr Shorten to use his PPV.
20. s 47F identified six COMCAR trips for repayment indicating that, "while the commitments were related to the MP's work, upon reflection the plated vehicle may have been a reasonable alternative".
21. IPEA asked COMCAR (Department of Finance) to raise an invoice totalling \$966.06 for the six COMCAR trips. It was sent to Mr Shorten on 8 September 2021. As Mr Shorten's use of COMCAR on these 6 occasions contravened section 28 of the Act, in that he incurred expenses

## OFFICIAL

where the applicable conditions had not been met, a 25 per cent loading was subsequently applied in accordance with section 38 of the Act.

### CONCLUSION

22. Based on the information provided to IPEA by **s 47F**, on behalf of Mr Shorten, it appears that Mr Shorten's use of COMCAR within the scope of this Assurance Review is consistent with the legislative requirements, other than in relation to the six trips for which Mr Shorten was invoiced.
23. There is no basis to conclude that this matter requires further investigation.

Dear s 47F,

RE: ASSURANCE REVIEW OF TRAVEL EXPENSES

Thank you for your email and time on the phone. Mr Shorten welcomes the opportunity to provide context to these itemised trips.

On the basis of my inquiries I can confirm in all cases the Shadow Minister's travel was undertaken in the course of executing official duties or in his capacity as a Member of Parliament and a former Leader of the Opposition.

And in all cases, except three detailed below, for the reasons provided below the member could not reasonably use the private plated vehicle in the circumstances.

In comparative terms to when Party Leader Mr Shorten's use of Comcar has significantly declined. However his public recognition and profile have not nor have related nuisances such as his harassment by obsessed individuals who target him at appearances.

This can make, for instance, parking a plated vehicle up to a kilometre away and walking to a commitment (and then back) complicated. Most interactions with strangers are positive, but there can be negative confrontations from a few.

A majority of the listed trips are CBD media appearances where parking, security and time for briefing are an issue – for instance his weekly recurring early morning Tuesday commitment at the Channel 9 CBD/Docklands studio.

(NB: Some return trips in your document have been listed as single line item – e.g Travancore to Travancore - others as two line items.)

I have listed what commitments were, and for ease of reference provide this key for reason (and combination of reasons) which made use of plated vehicle impossible or not reasonable:

(S) Security (PM) Parking issues in Melb CBD (P) Parking issues generally (B) briefing (N/LN) Night / Late night (F/S) Fatigue/Safety (L) Logistics (i.e needing to make next appointment on time)

Dear Mr Shorten

**Assurance Review of travel expenses**

The Independent Parliamentary Expenses Authority (IPEA) has responsibility under the *Independent Parliamentary Expenses Authority Act 2017* (IPEA Act) to review work expenses accessed by parliamentarians.

IPEA is undertaking an Assurance Review of Commonwealth-funded travel related to your access of COMCAR services within Melbourne (other than travel to and from the airport) from 1 November 2019 to 30 June 2021 (the relevant period).

I draw your attention to the *Parliamentary Business Resources (Commonwealth Transport) Determination 2017* which at section 9 provides:

**Limits and conditions on members' use of COMCAR within Australia**

*When other car transport is reasonably available*

- (1) COMCAR is not available for the purposes of subsection 8(2) of the Regulations if the member could reasonably use the member's private plated vehicle in the circumstances, assuming the member had a private plated vehicle.

I note that you have been provided with a private-plated vehicle throughout the relevant period.

At **Attachment A** are details of your use of COMCAR in Melbourne (other than to and from the airport) within the relevant period. To assist in our review, we ask that, to the extent possible, you describe the nature of your parliamentary business and indicate why it was not reasonable, in each of the circumstances, to use your private-plated vehicle. Included in the data are references to three occasions on which bookings were made and subsequently cancelled, incurring cancellation fees. Your comments are also sought in relation to these cancellations.

**OFFICIAL: Sensitive**

Please provide a written response via email to [assurance@ipea.gov.au](mailto:assurance@ipea.gov.au) by close of business on 6 September 2021, or advise us prior to the date if you need more time to respond.

Should you wish to discuss this matter, please contact me on 02 6215 3000.

Yours sincerely
